

TNPG: _____ Roster: _____

TRIO MISSION: *Use this value-added KtS as log/sandbox as you go. Note anything notable.*

* *Utilize QAF in real-time and outside class.*

* *Deposit on lisadesk (1paper/trio) at end of period.*

ALPHA: **Certify** each teammate has correctly linked their workshop as a submodule in the Workshop Repo of Holding. Should tinkering with RoH be necessary, observe Token Protocol.

BRAVO: **Port** thus-far written codingbat python code into appropriate location in workshop of each teammate.

CHARLIE: **Ensure each teammate has working familiarity** with list-1 and list-2 sections, and store this code in appropriate location in workshop.
